

Current Trends in Particle Theory III

Sunday June 16, 2019
University of Illinois at Chicago
Lecture Center D

A one day workshop to discuss recent advances in theoretical particle physics. To be held at the University of Illinois at Chicago, easily accessible by car or train, in the heart of Chicago.

Speakers

Yangyang Cheng (Cornell/Fermilab)
Christopher Kolda (Notre Dame)
Samuel McDermott (Fermilab)
Lauren Pearce (UIUC)
Yue Zhang (Northwestern/Fermilab)
